30 SOLDIERS WITH 25 TRAIL-HITTERS

Many Delegations Attending Services, Showering Sunday With Gifts

PHILADELPHIA, March 12.—The same old flag that led Uncle Sam's soldiers over the walls of China's forbidden city and through Philippine jungles led a body of them straight to Billy Sunday's welcoming hand last night.

The same Stars and Stripes that beckoned khaki-clad soldiers up San Juan Hill filled and coaxed them up the sawdust trail last night in Billy Sunday's tabernacle.

Thirty veterans of Uncle Sam's former wars, many of them, bitten by Mausers and Krags, answered the call of a new enlistment, and enrolled under the banner of Billy Sunday's Christ.

"Hep! Hep!" they said, as they marched down the aisle.

This scene was the crowning glory of a demonstration about which the story of Billy Sunday's meeting last night in the tabernacle, nearly 100 of middle-aged men and youths who fought from Guantanamo to Manila, from Pekin to Kettle Hill, comprised one of thirty-two delegations which were showered with all sorts of gifts, including money.

There were 371 converts at night and 253 in the afternoon, making the day's total 624. The veterans, nearly all of middle-aged men and youths who fought from Guantanamo to Manila, from Pekin to Kettle Hill, comprised one of thirty-two delegations which were showered with all sorts of gifts, including money.

REPEATS "THE ATONEMENT." The sermon at night was on "The Atonement," the veterans, nearly all of middle-aged men and youths who fought from Guantanamo to Manila, from Pekin to Kettle Hill, comprised one of thirty-two delegations which were showered with all sorts of gifts, including money.

JUST A MATTER OF CONSERVATION

In these days of world-changing conditions, each country is looking out for itself. TRENTON and vicinity look out for themselves. That means HOME CO-OPERATION.

That means CONSERVATION OF RESOURCES, a husbanding of CASH and assistance to the FIRMS and PERSONS that mean everything to US.

In days of plenty, we people of TRENTON were, perhaps, CARELESS about the dollars that go away from our pockets NOW.

Every dollar that goes away THIS spring for wardrobes and other merchandise means a dollar LESS toward the community payroll.

You business and professional men who complain of hard times; you working men who have felt the same pinch, do some MISSIONARY work at home.

Explain to your wives and daughters what it means to YOU and THEM by keeping this SPRING BUYING money in TRENTON NOW.

The merchants of OTHER cities don't pay TRENTON'S TAXES, keep OUR men and women on their payrolls, extend credit to OUR people, support OUR CHARITIES, respond to OUR folks in distress.

They do things in their OWN communities for THEIR own people with OUR dollars DRAINED from our community, and others that have not stopped to THINK.

The advertising columns of the Times prove what OUR MERCHANTS CAN DO. They are entitled in this game of co-operation to WILL YOU give them that FIRST chance? Read the Times and Times-Advertiser for shopping news and

JOHN WANAMAKER WRITES TIMES, PRAISING SUNDAY AND URGING CRITICS HERE TO STOP TO THINK

Private Office, John Wanamaker, Philadelphia, March 11, 1915.

The Editor, Trenton Evening Times, Trenton, N. J.

Dear Sir—Acknowledging receipt of a letter signed "Trentonian," enclosing to me a copy of the letter which the writer directed to you for publication, as well as a rather lengthy article by one of the ministers of your city.

It seems to me that there is a balance on the other side. I can say for myself that I attended a church service last Sunday morning, where I saw many of the people who were mentioned in the "Billy" Sunday meetings.

If the minister who wrote you would say to me that Mr. Sunday cannot be blamed for what a man writes on a card, he might take a different view on the subject. I have seen men come up and take "Billy" Sunday's hand who were miserably drunk, and yet these same men are now living God fearing, Christian lives. I would not find fault with the poor fellows making out the cards, but I would find fault with "Billy" Sunday or the people who work with him for not accepting every card that is written, and going after the people and trying to do them good.

It is my belief that what Mr. Sunday has been doing in Philadelphia, which I acknowledge to a great extent, being an employer of labor, certainly will be of incalculable value to the city and to the State.

JOHN WANAMAKER.

Commissioner Lippincott's letter follows:

Under an act just passed by the Legislature, a motor registration may not only be transferred as at present, from one owner to another, for the same car, but may be transferred from one car to another by the original holder of the registration.

FRENCH ACTIVITY SAVED RUSSIANS

PARIS, March 12.—By two weeks of violent attacks in the Champagne region, French troops have lifted the pressure upon the Russians who retreated into Poland and have saved Warsaw.

The War Office made this claim today in explanation of the recent onslaughts against the German positions in the Champagne. The explanation was made in the form of an official "eye witness" statement.

It confirmed the claim made by the Chief General Staff yesterday, that the object of the various offensives around Perthes which puzzled military critics was the relief of the "Slavs" who retired from the Maastricht lakes. The activity in France prevented German troops being taken for the Russian battle.

"A Stranger in a Strange Land"

SHE has just come to a country where language, customs, laws are strange.

SHE is plainly bewildered, yet her face shows honesty, earnestness, eagerness and innocence.

WHAT will become of her? What would become of your sister or daughter under these circumstances?

EIGHTEEN hundred such girls and women have come to our city (Trenton) within the past three years.

DO you know what organization looks after these arrivals from foreign shores?

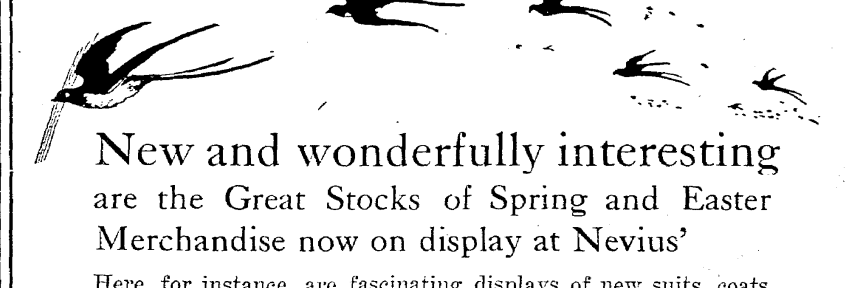

IT is the International Institute (Branch of the Y. W. C. A.) at S. Clinton and Beatty Streets.

WOULD you do what you could to assist such an organization? You will be given an opportunity during the Finance Campaign of the Young Women's Christian Association which will soon be made.
